Kristen,

Sorry I missed your call earlier. I don't have an SOP for sampling but do have instructions on what we need to do in the field.

I have all the bottles and materials necessary to sample for the list of parameters that were discussed by us and will bring them with me.

Bob,

We were extremely discouraged that the full parameter list agreed upon would be limited by the Kozak's contractor.

Please bring a full second set of bottles for the full parameter list we previously discussed. The Tribe has access, authority, and jurisdiction. We are prepared to sample.
